## Parents and Kids Needed for Convention Media Interviews

*(This form can be completed online via our registration page)*

- Families wanted to help us promote The National Triplet Convention by talking up the wonderful world of higher order multiples with media before, during, and after the convention.
- Many different traditional news interviews and photo ops are expected similar to those attendees have participated in during prior years.
- Internet-focused media campaign to reach an even broader audience through blogs, social networking, and podcasts.
- Visit our online newsroom at [www.tripletconvention.com](http://www.tripletconvention.com)

### WE SET UP THE INTERVIEWS AND OTHER OPS—ALL YOU DO IS TALK TO THE MEDIA!

If you'd like your family to be considered for a great mix of internet, print and television/radio media interviews in conjunction with this year's event, please complete the form and sign below. Kim, or another PR committee member, will notify you via email or phone when media interviews come up that match your situation--whether it's an interview with a newspaper, TV station, or a national magazine or a chance to contribute to a blog, podcast or otherwise spread the word about all that is good about The Triplet Convention. In past years The Triplet Convention has been covered by *People Magazine*, *Associated Press*, *Univision*, *The Washington Post* and on a variety of network news programs and we hope to receive our best coverage yet this summer.
